256 Artists'
Images,
Contacts
and
Maps

An abstract painting with a textured, layered appearance. The color palette is dominated by various shades of blue, from deep cerulean and indigo to lighter, misty blues and whites. Interspersed throughout are warm, golden-yellow and orange tones, some appearing as soft, glowing patches and others as more defined, brush-stroke-like elements. There are also subtle hints of green and reddish-pink, particularly in the lower right quadrant. The overall effect is one of atmospheric depth and emotional resonance, reminiscent of a sunset or a misty landscape.

MARIN OPEN STUDIOS

May 4 & 5
May 11 & 12
Saturday & Sunday 11-5pm

My art practice is inspired by stories from years of exploring diverse cultures and landscapes across the planet. Using oil, wax and ink, I paint these stories on wood, paper, canvas and stone. Hovering between abstraction and post-modern sensitivities, my work invites viewers to merge their own memories into the vast continent of cultural collective consciousness.

“Art is the language of memory, derived from the past, shared in the present, informing the future.” — Wo Schiffman
